- Graphing calculator (Texas Instruments TI-84 plus recommended. *I do not recommend the one with a rechargeable battery. The charge does not last long and students constantly come to class with an uncharged battery. There are no calculators kept in class for loan to students).

Mrs. Stevens-Math

- 3 ring binder - at least a 1 inch. You can get larger, but one inch is usually good for one 9-weeks. If you are rough on your supplies, get several of these for the school year.
- Plenty of paper!!! We take notes daily and students complete warm ups on their own paper as well. This will need to be replenished on a constant basis.
- Pencils-we do not use ANY pens in math - any papers done in pen will receive a grade of zero!! Students need several pencils EACH DAY!! This will need to be replenished on a constant basis.
- Calculator-simple dollar store or Walmart calculator. They usually don't last very long, so you could get a few. They are only allowed to use them after chapter 1 in Algebra. Consumer Math and Applied Math are allowed to use from the beginning of the school year.
