### **Mrs. Stevens-Math**

- 3 ring binder - at least a 1 inch. You can get larger, but one inch is usually good for one 9-weeks. If you are rough on your supplies, get several of these for the school year.
- Plenty of paper!!! We take notes daily and students complete warm ups on their own paper as well. This will need to be replenished on a constant basis.
- Pencils-we do not use ANY pens in math - any papers done in pen will receive a grade of zero!! Students need several pencils EACH DAY!! This will need to be replenished on a constant basis.
- Calculator-simple dollar store or Walmart calculator. They usually don't last very long, so you could get a few. They are only allowed to use them after chapter 1 in Algebra. Consumer Math and Applied Math are allowed to use them from the beginning of the school year.
